

A note from Kathy

In this chapter we see once again the Israelites' meticulous care for each article. The word "meticulous" comes from the Latin word "metus," meaning fear. These men and women had a reverential fear and awe for God and the assignment they had been given. As we come to the close of our study of Exodus, let's walk away with a fresh commitment to carry out the LORD's work with extreme care.

Observation

1. Read this chapter at least twice before answering the study guide questions. In this chapter we see the beautiful garments that would be worn by the priests as they represented the people and served the Lord. Please label this artist's rendering of the priest and his garments with the details you find described in this chapter.

2. What are the main colors used to make up the priests' garments?

3. What repeated phrase did you see concerning how the Israelites went about the work of making everything for the Tabernacle? Underline or highlight this phrase in your Bible. Which verses contain this repeated statement?
4. On the chart below, fill in any facts you discover in this chapter concerning each article of the priests' clothing.

Ephod	Breastplate	Robe	Tunic	Turban	Sash

5. When the last article was finished being made, what did the people do?

6. What did Moses do? Verse 43
7. What did Moses find? Verse 43

Application

1. We marked a key repeated phrase in the chapter. How did these verses help you to understand the Israelites and how they felt about the assignment they had been given?
2. What was the last assignment given to you by God?
3. How did you approach the assignment? Would you say you were carefully obedient?
4. Could it be said of your work that it is done “just as the LORD commanded”? Look up the verses listed below, and jot a few words beside the verses to help you remember these commands of Christ for those who are his followers. There are many more, but this is sufficient for today.
